

The Idaho Occupational Therapy Association is pleased to welcome United Seating & Mobility to Idaho.

WHEELCHAIR PROVIDER EXPANDS INTO IDAHO REGION

New Branches Allows United Seating & Mobility's Complex Rehab Wheelchairs and Equipment To Reach Clients in Idaho

MERIDIAN, ID – United Seating & Mobility (USM), the nation's largest privately-owned mobility and rehab equipment supplier, has opened its first branch in Idaho to meet the needs of clients requiring complex wheelchairs, seating and mobility aids. The new locations will expand the company's nationwide presence and strengthen its position in the Northwest.

"After careful consideration, we felt it was important to add these locations to better accommodate clients' increasing needs in Eastern Oregon, Eastern Washington and Idaho. The addition of services in Idaho also allows us to provide continuity of service for those treated at regional facilities in Seattle and Portland." stated Tim Perrine, Northwest Regional Manager.

Steve Gustafson, ATP will anchor the Meridian office in Southern Idaho while Michael Banks, ATP, CRTS, from United Seating's Walla Walla location, will service some Northern Idaho areas.

With over 35 years of combined industry experience Steve and Michael will focus their enthusiasm and efforts on bringing USM's products and services to the dynamic Idaho business market. They intend to not only grow the branches' clients and revenue, but to expand it with direct positive involvement in the community.

In addition to the new Northwest locations, United Seating & Mobility has offices in 25 locations in nine states.

ABOUT UNITED SEATING & MOBILITY

United Seating & Mobility provides seating and mobility solutions for individuals with disabilities while considering the patients' long-term needs, their work and home environment, access to transportation, social and emotional environments. United Seating & Mobility has over 30 years of experience in providing complex mobility and is accredited by The Accreditation Commission for Health Care, Inc. USM is a member of The National Registry of Rehabilitation Technology Suppliers, The Midwest Association for Medical Equipment Services, Wheelchair Professionals and the National Coalition for Assistive and Rehab Technology.
